In-school Barriers (issues to be addressed in school, such as poor oral language skills)

B.	Fine tuning teaching even further to ensure forensic approach to identifying gaps for pupils
C.	Home environment impacts on pupil's ability to interact with other pupils in school so friendships are not as strong as those form a stable home

External Barriers (issues which also require action outside school, such as low attendance rates)

A.	Attendance of identified PP children
B.	Aspirations of home learning environment
C.	Challenges in the home environment compared to the school environment with regards of boundary setting.
